Getting **6**
Endodontists
in a room to agree
on something is
never easy...

...except when it comes to EndoVision!

That's because EndoVision practice management software was designed specifically by endodontists for endodontists. That's why more endodontists agree on EndoVision than any other specialty software.

EndoVision
www.discusdentalsoftware.com

The EndoVision Task Force 2 meeting was held this past May in conjunction with the AAE annual conference. Task Force 2 is designed to ensure that EndoVision is the best that it can be and everything that it should be to meet your needs. Our Task Force 2 members include (L to R) Dr. Denis (Chip) Simon, Dr. Jerry Pisano, Dr. Matt Brock, Dr. Martin Levin, Dr. Kirk Coury, and Dr. Philip Cohen

EndoVision, the choice of more endodontists

EndoVision practice management software eliminates redundant work and streamlines clerical functions, allowing you to spend more time with your patients.

Discover today how EndoVision can maximize your practice's productivity, efficiency and profitability.

Join your colleagues and turn on EndoVision today!

Call us for an in-office or on-line demonstration & see why we're the preferred choice.

Freedom of Choice!

Purchase the endodontic practice management solution that more endodontists choose by October 15th and receive **20% off** EndoVision Chart. (a \$1,000 value).*
